Portable Meeting Room System

RETRACTABLE MONITOR

With its motorised retractable design, the monitor gives users flexible screen which can have the view angle set between 0 to 60 degrees.
It also frees users from using a mouse and keyboard by offering touch screen

BUILT IN MIC & SPEAKER

Built in MIC & speaker offers the users to have a better communication during the meeting

BUILT IN PC

A built in PC with Microsoft 10 Pro OS gives users enough flexibility to display content onto screens

ID SCREEN

An 8.8'' TFT screen is built in to display Attendee ID or any other identity information

Overview

The SC13W Portable Meeting Room System is the latest meeting room solution from SEADA Conference. This All in One system features a 13.3'' motorised monitor, PC, speaker, microphone, stylish clock and an 8.8'' ID TFT built in panel. It can be a perfect solution for schools, receptions and small to large meeting room applications.

The standalone SC13W unit also has the ability to form a large paperless conference room system with more SC13W units or other SEADA conference products. This can be achieved by using the SEADA multimedia conference server.
